Healthy performance in March despite difficult environment. New store to open in Hibiya next week

March SSS 126.7% vs. 2021, 58.9% vs. 2019 (pre-pandemic)

Torikizoku Holdings (3193, the company) disclosed monthly data for March. Same-store sales were 126.7% vs. March 2021 (112.8% for February), 70.2% vs. March 2020 (36.9% for February), and 58.9% vs. March 2019 (39.1% for February). The number of holidays (weekends and holidays) was one day more than in March 2021, one day less than in March 2020, and two days less than in March 2019. Compared to March 2021, the guest count was 127.1% (109.9% for February), and the average check was 99.7% (102.6% for February).

Most of the company's stores were subject to "priority measures to prevent the spread of disease" until March 21, and were required to shorten their hours to 9:00 p.m. Nevertheless, the decline in the customer traffic seemed to have been moderate, thanks partly to the TBS variety program "Sakagami & Sashihara no Tsuburenai Mise" that aired on Sunday, March 6, featuring Torikizoku. Also, the company's stores have been allowed to operate normally since late March, and demand has been improving. The recovery is likely to continue into April, in our view. That said, some stores are moving up their closing hours due to staff shortages, and the company is focusing on recruiting to resolve the staff shortages.

Store count

The number of stores at the end of March was 615 (unchanged MoM). The number of directly-owned stores was 384 (unchanged MoM).

Torikizoku to resume new store openings

The company plans to open Torikizoku Hibiya Store in Yurakucho, Chiyoda-ku, Tokyo, on April 11. This will be the first new directly-owned store opening for Torikizoku since FY7/19. Also, in May, it plans to open Torikizoku Gakuen Toshi Store (directly-owned store) in Nishiku, Kobe City.

Announced price hike

The company already announced that, effective April 28, all Torikizoku stores will revise their menu prices from 327 yen (298 yen without tax) to 350 yen (319 yen without tax) for all items. Torikizoku adopts uniform pricing for all menu items. We believe that many restaurant operators will have no choice but to raise prices in response to soaring costs of food ingredients, utilities, logistics, and labor. Therefore, Torikizoku's relative cost performance would likely be maintained even after the upcoming price hike, in our view.

Please refer to the report dated November 1, 2021 for the rationale of the rating and target price.
